The charity sector in Northern Ireland faces considerable challenges as it deals with the consequences of the Covid-19 Pandemic. Northern Ireland has a large and vibrant charity sector ranging from small groups meeting local needs with few resources to charities who are household names, operating with budgets of millions. There are many legal and governance issues which are fundamental to the effective operation and success of a charity. The regulatory landscape for charities is quickly changing in this jurisdiction. This course will consider many of these regulatory and operational matters.

WE WILL COVER THE FOLLOWING TOPICS:

- Establishing a charity; legal structures & registration requirements;
- Governance codes & regulatory requirements;
- Board responsibilities and managing risk;
- Fundraising codes & best practice
- People Management, Human Resources, Volunteering and Mental Health – issues and solutions.
- Data protection issues – the common-law versus the common misconception.
- Procurement and tendering. Public/private tendering - a particular relevant consumer rights legislation and applicable EU treaties, directives and regulations. Jonny regularly advises clients on discrimination and injunctive relief in the Employment context, as well as being a sought after speaker on Employment issues in Northern Ireland. He is a voluntary director and Board member of a number of local charities.

WHO SHOULD ATTEND?
The course will appeal to solicitors and barristers in practice who advise charitable organisations. It will also appeal to those working in the charity sector or those who hold positions on boards of organisations or in a management capacity. We invite legal professionals and individuals involved with the charity sector to apply.
