Suitable cases from the Commercial, Chancery and Judicial Review courts will be diverted to the Hub.

The Hub will offer commercial litigants a range of important features as part of its operation including early case management, early neutral evaluation and consideration of appropriate alternative dispute resolution. Efficient and cost saving disposal of business cases which will ultimately attract the confidence of the business and commercial community for all of Northern Ireland. An aspiration of the Hub is that it will build upon this jurisdictions' reputation for less costly, swifter commercial litigation.
